

# 2001~Jun. 2015

## Most SRRC Races Run over the Past 14 ½ Years (including all races up to the 2015 Dow's Prairie Run)

The SRRC Circuit is in its 15<sup>th</sup> year. Over those years, fairly good records of all the SRRC races have been kept. The following chart shows how many races have been run over the last 14 ½ years. The records are not perfect, but are very close. A few races have been left out of my results and there has to be some leeway for human error. There are lots of new names on the list this year, and a few have been dropped. Each "!" represents a circuit win and each \* represents a race run over the past 14 years. Write me at <jandjwest@yahoo.com> if you see any errors or would like to add information.
